The City of East Palo
Invites You To
THE SENIOR NUTRITION
LUNCH PROGRAM

The Senior Nutrition Program provides a nutritious meal to adults 60 years of age or older. In addition to nutritious meals, the program seeks to reduce the isolation of older adults by providing these meals in a congregate setting. We encourage all mobile active older adults to join us for the hot lunch program. The meals are great and the company is even greater!

Funded by the Older Americans Act and administered in partnership with the County of San Mateo Department of Aging and Adult Services, the City of East Palo Alto, and Senior Inc, along with your generous donations.
